price established by the Government. When the public mind has been allowed necessary for the encouragement of important improvements, the proceeds of the sale of such lands, and not the lands themselves, should be applied.

That the President of the United States, Andrew Johnson, has placed in the hands of his high office in resisting the aggressions of Congress on the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and on behalf of the Democratic party, we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeals to every patriot, including the conservative element, and all who desire to support the constitution and restore the Union, forgetting the past differences of opinion and unite with us in the present great struggle for the liberties of the people, and to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship, and will hail all such co-operating with us as friends and brothers.

SALUTATORY.

After fourteen years absence from the chair editorial, we again put on the harness and herewith present to the public the initial number of *The National Democratic*, and ask for it a favorable judgment and liberal patronage; but before conceding this request we expect it will be demanded that, in conformity to long established usage, we briefly state the objects and purposes we have in view.

The title of our sheet sufficiently indicates its political character. We have named our colors to the mast: the candidates of the Democratic National and State Conventions are at the head of our columns; their Platforms of principles we publish, and they meet our full, free, and hearty endorsement, and we propose to "fight it out on that line" whatever time it may require. We are in favor of the Union of our fathers under the Constitution they gave us:

"In youth it sheltered me,
It has always in the past been our shield
amid the storms that have threatened
our ship of State. When it has been
steered by the chart of the Constitution
we have ever been landed safely in
the haven of National and individual
prosperity. When we have de-
parted from its teachings, disaster and
destruction have threatened to over-
whelm us. During more than a half
century of our National existence the
Democratic party have had the control
of the Government, and during the days
of our National calamity, even our
enemies boastedly declared that we
had "the best Government the world
ever saw," that we were the most fa-
vored and most prosperous people the
sun ever shone upon." It is a source
of pride to belong to and be permitted
to give our aid in bringing the Govern-
ment back to the control of the party
that built up for it the proud a-
name, and brought it to the people
such unwonted prosperity.

The present contest is one of no
ordinary importance, and we purpose to
devote our whole heart and soul and
ability to the restoration of the Govern-
ment to the control of the party
that recognizes the binding obligation
of the great charter of our liberties,
and that has such a regard for the
rights of the people that it will never
give its voice or vote to build up in
this fair land of ours, a privileged
order, an aristocracy of bondholders,
enjoying immunities and privileges
and exempt from the burdens which
are the lot of the laboring masses.

In addition to its political features,
we design to make *The Press* a good
local newspaper, and an acceptable
free-side companion in every family.
If we succeed in accomplishing
these results, or in any considerable
measure, aid in doing so, our ambition
will be satisfied.

Give us a trial.

On the 20th ult. a Convention was
held at Warren, for the purpose of
nominating a candidate for Congress
in the 19th Congressional dis-
trict, in opposition to Gen. GARFIELD,
the Radical nominee. The Conven-
tion was induced by the fact that 1500
or 2000 Republicans, mostly in the
counties of Trumbull and Mahoning,
who were dissatisfied with the posi-
tion occupied by Gen. GARFIELD on
the financial question, had addressed
a circular letter to Hon. MILES STUR-
GEY, of Warren, asking him to be-
come an independent candidate for
Congress on the platform of paying the
5-20 U. S. Bonds in the Legal Tender
currency of the country. The signers
to this request were all Republicans,
as we are informed, and they declared
that they neither could nor would sup-
port Gen. GARFIELD, and his infamous
position on the financial question.

The Convention assembled as per
announcement, and adopted resolu-
tions declaring an unalterable pur-
pose to carry out at the polls the peo-
ple's doctrine that the 5-20 bonds are,
in justice and in law, not payable in
coin, but in the legal-tender currency
of the Government; and upon this
platform, Dr. M. C. Woodworth, of
Warren, was nominated for Congress,
who, in an appropriate speech on the
occasion, accepted the nomination.

Since then the Doctor has publish-
ed a letter defining to be a candidate.
By what means this declaration was
made, we do not know, but we can only surmise.
But by whatever means, and by
whatever means, it is difficult to understand how
the signers of the circular can support
Gen. GARFIELD and his oppressive
financial schemes; and that of the
Republican party. How is it possible
for them, after denouncing the finan-
cial policy of their party as unjust and
oppressive, to support the National
Republican ticket which is pledged to
fasten this oppressive burden upon the
necks of the people. Such inconsis-
tency can be accounted for only upon
the hypothesis that in their slavery to
party they will unwittingly become the
instruments to forge the chains that
bind them in abject slavery to the
bondholders.

Congress has removed the disabili-
ties from 1,500 rebel Radicals, in-
cluding three Amersnonian Jailors, and
refuses to some of the ablest, wisest
and best men of the South, because
they do not belong in the Radical party,
and will not become its supporters.

Ex-Governor THOS. H. SEYMOUR of
Connecticut is seriously ill. He was
at first attacked by nervous fever,
which has now changed to typhoid
fever.

By these signs we can conquer.

The Radical press and politicians
claim to have great confidence in the
certainty of their success at the ap-
proaching Presidential election, but
upon what foundation their hopes and
confidence are built it is difficult to
imagine. Since the announcement of
the name of Grant as their candidate,
and since the certainty of his nomi-
nation became known to the country,
elections have been held in Connecti-
cut, California, Oregon, Idaho, Ken-
tucky and Montana, every one of
which has proved disastrous to their
cause, and tended to give assurance
of the triumph of the Democracy at the
November election. Besides these
signs the names of distinguished
publishers of their party who are dis-
gusted with their anti-republican prin-
ciples and corrupt practices, and join-
ing the ranks of the Democracy. From
the many notices of those who have
deserted the Democratic cause, we pub-
lish the following, clipped from the
few papers that have come into our
hands:

Dr. Morgan, a prominent and influ-
ential citizen of Evansville, Indiana,
who has been a life-long opponent of
the Democracy, has left the Radical
party and come out for Seymour and
Blair. He made a great speech at Ev-
ansville, Wednesday night, and the
Courier of that place, in its conclud-
ing paragraph, noticing the effort,
said:

"We cannot at this late hour follow
the Doctor further—suffice it to say
that his speech was one of the most
convincing and effective we have ever
listened to. To use the expressive
terms of an enthusiastic Democrat:
'Every word he spoke weighed ten
pounds.' We hope to hear from the
Doctor often during the campaign."

Mr. Babcock, a leading Radical of
St. Louis, has announced himself for
Seymour and Blair. There are thou-
sands of Radicals in each State who
are disgusted with their party, and
will join the Democratic Conservative
party in driving the Radical destruc-
tives from the Capitol! The people
are tired and sick of their manage-
ment of public affairs. They want
economy in expenditures, equal taxa-
tion, and the abolition of the negro
bureaus, which are established for
the purpose of preventing white suffrage,
and perpetuating discord in our coun-
try.

The Hon. Richard Gregg, of Aurora,
Dearborn County, Ind., a life-long
Whig, and a Republican at the orga-
nization of that party, came out in a
public speech in Aurora, last week, for
Seymour and Blair.

"Another 'Traitor.'—The *Warrior*
 Herald is greatly disgusted because
Mr. C. D. Robertson, hitherto a strong
Republican, has renounced that party
and made a speech at a Seymour rally
in Booneville, a few days
ago. It calls him a 'traitor,'
renegade, etc. Who's the skinned?
—Y. A. (Ind.) *Ledger*.

For a long time one of the most
efficient Republican workers in that
place, has dissolved his connection
with the Radical party, and taken his
place in the ranks of the Democracy.
He made a speech before the *Trustee*
club, not long since, which is rep-
resented to have been one of the most
telling of the campaign.

Mr. Andrew Weyant was nominated
by the Republicans of Licking county
for their candidate for Commissioner.
In a letter to the *American*, the Radical
organ, he declared the nomination
and announced his intention to vote
for Seymour and Blair. Mr. Weyant,
believing with Chief Justice Chase that
"the time has come when all honest
men should band together against the
revolutionary Jacobins." Hundreds
of Republicans in Ohio are de-
serting the Radicals, and will vote for
Seymour this year. They want a
change.

General A. Seymour Platt made a
speech at West Liberty, on the 14th,
and announced his intention of voting
with the Democracy. Said General
Platt: "I now leave the Republican
party and take up arms against radical
despotism. The General, in a lengthy
argument, gives his reasons for leav-
ing the Republicans, who are in favor
of unequal taxation, and who judge in
the selfishness of base and who do not
seek the restoration and pacifica-
tion of the Union.

Stephen J. Meany, formerly a Re-
publican editor in Toledo, can't go
Grant. At a Meany meeting in Wash-
ington Mr. Meany came forward and
announced that he had been an ad-
vocate of General Grant; his name had
been to him a household word; but
only did he endorse him as a soldier.
It would be a shame for the people to
place him in a position for which he is
not fitted; it would not be right to elect
a
